

P.R.O. 14646 C21- ELEVATION PROGRAM

The P.R.O. 14646 C21-ELEVATION PROGRAM is the exclusive proprietary property of P.R.O. 14646 GLOBAL FOUNDATION / FUND e.V.

The program is created to establish an educational format whereby all most privileged and proprietary knowledge which includes the credos, teachings, practices, educational methodologies and activities which fall under the New Humanitarian Approach of the 21st Century will be delivered and utilized to execute the mission of the P.R.O. 14646 Headquarters and P.R.O. 14646 Global Organizations worldwide.

This program and all media, information, printings and data files along with all rights established by or through it is the property of the originating proprietor, P. R.O. 14646 GLOBAL FOUNDATION / FUND e.V.

This program and it's respective details, parts, and information remains the exclusive property of P.R.O. 14646 GLOBAL FOUNDATION/FUND e.V. whose proprietary interest is protected by International Copyright Laws, Registrations and Rights.

Program details and information may not be reproduced, referenced, altered or amended, and/or used and distributed. Any external use of this program and it's materials should be reported to P.R.O. 14646 GLOBAL FOUNDATION/FUND e.V. and materials returned to the same.

The P.R.O. 14646 C21-ELEVATION PROGRAM has been created and will further be developed, sponsored, monitored and protected by said organization to provide internal high-level education, training and coaching programs for SYSTEM INSIDERS and SECURITY CODE PERSONNEL with the intent that they be enabled to improve and leverage their individual personalities to optimize their performance, service, and functions - especially if they are meant to take over most important or top critical key positions and functions inside the P.R.O. 14646 Organizations with their official Networking System in the service of their respective societies.

The program is open to all qualified persons selected by the P.R.O. 14646 System and should be viewed as a most privileged "life and development" guide for overall personal elevation. It is for system internal use and practice only!

The improvement of personal awareness and skills should bring forth a specifically trained network of skilled innovators who are able to help others elevate their own personalities and be of good service to mankind. Proclaiming World Union and Global Peace as the ultimate goal, development of a network of elevated men and women must be pursued in order that mankind be able to solve future world problems and meet existential global challenges.

P.R.O. 14646 C-21 ELEVATION PROGRAM is sponsored and overseen by the P.R.O. 14646 HEADQUARTERS and P.R.O. 14646 GLOBAL FOUNDATION / FUND e.V. It is a related part of the MILLENIUM PROJECT and refers back to September 2000 when the Secretary-General of the UNITED NATIONS, Kofi Annan, presented a new idea to the world for developing a Global Community. The new idea is a statement about mankind's need to develop a sense of global community and approach the problems of man and earth on a global level.

The Millenium Project is a rescue mission; it is a vital and hugely ethical and moral challenge which requires that a new spirit-lead man replace the materialistic man in order that our world have a chance to be preserved for future generations as well.

Please refer also to our S.A.V.E. C21 - ELEVATION PROGRAM on this web-page (see specific icon in the S.A.V.E. - Sites) as entry program. We are pleased to welcome and assist everyone in his personal development who honestly would like to come through our opened GATE joining us in this Global Village of a New Mankind!

Dr. Günter Berthold Horn
Global Chairman
