The S.A.V.E. C21-ELEVATION PROGRAM is the exclusive proprietary property of S.A.V.E. GLOBAL HUMANITARIAN DEVELOPMENT FOUNDATION / FUND e.V.

The program is created to establish an educational format whereby all privileged and proprietary knowledge which includes the credos, teachings, practices, educational methods and activities which fall under the New Humanitarian Approach of this 21st Century will be delivered and utilized to execute the mission of P.R.O. 14646 Headquarters and the S.A.V.E. Humanitarian Development Organizations worldwide.

This program and all media, information, printings and data files along with all rights established by or through it is the property of the originating proprietor, S.A.V.E. GLOBAL HUMANITARIAN DEVELOPMENT FOUNDATION / FUND e.V.

This program and its respective details, parts, and information remains the exclusive property of S.A.V.E. Program details and information may not be reproduced, referenced altered or amended, and/or used and distributed without the express permission of S.A.V.E. GLOBAL HUMANITARIAN DEVELOPMENT FOUNDATION / FUND e.V.

The S.A.V.E C21-ELEVATION PROGRAM has been created and will further be developed, provided, overseen and protected by said organization for the advanced education, training and coaching of SYSTEM OUTSIDERS with the intent that they be enabled to improve and leverage their individual personalities to optimize their performance, service and functions. A specific goal should be to become SYSTEM INSIDERS who may take over important or critical key functions and positions in the service of their respective societies.

The program is open to all seriously interested persons and should be viewed as a privileged individual "life and development" guide for overall personal elevation.

The improvement of personal awareness and skills should bring forth a specifically trained network of skilled innovators who are able to help others elevate their personalities and be of good service to mankind. Proclaiming World Union and Global Peace as the ultimate goal, development of a network of elevated men and women must be pursued in order that mankind be able to solve the future world problems and meet existential global challenges.

S.A.V.E. C21-ELEVATION PROGRAM is sponsored and monitored by the P.R.O. 14646 HEADQUARTERS and P.R.O. 14646 GLOBAL FOUNDATION / FUND e.V. It is a related part of the MILLENNIUM PROJECT and refers back to September 2000 when the Secretary-General of the UNITED NATIONS, Kofi Annan, presented a new idea to the world for developing a Global Community. The new idea is a statement about mankind's need to develop a sense of global community and approach the problems of man and earth on a global level.

The Millennium Project is a rescue mission and there will be no alternative to that in our opinion. It is a vital and hugely ethical and moral challenge which requires that a new spirit-lead elevated man replace the materialistic man in order that our world have a chance to be preserved for future generations as well.

We are pleased to welcome and assist everyone in his personal development who honestly would like to come through our opened GATE joining us in this Global Village of a New Mankind!
